A Creed Study to the Hadith (There are 99 Names to Allah, Who Reserved them Will Enter the Paradise)

*Rajeh A. Kurdi**

ABSTRACT

This research includes a creed study to the correct saying (Hadith) of Prophet Mohammed- peace be upon hem: "There are ninety nine names to ALLAH, one hundred except one, every Muslim who counted or reserved them will enter the Paradise" .

The researcher conducted in the first section a Hadithical study to prove the truth and the strength related to this Hadith. The collection of these names was not correct from the Prophet ,but it was from the follower Abu Horairah and from other Hadith relaters.

It is from their research and diligence.

In the second section the researcher studied the relation between the doctrine or belief and the reservation of the names of ALLAH , and the entrance into Paradise. The researcher confirmed that the numerous names of ALLAH mean that ALLAH is only one and the basic name of him is ALLAH ,but His other names which are included in Qur'an and Sunnah are to give more information to enable the Muslims in the worship of ALLAH by everything in their lives .
